

# EMBRACE THE ELEMENTS

W.L. Gore & Associates, Inc., recognized by golfers around the world as the waterproof leader, has partnered with Etonic to create an entirely new shoe category: the ST-GT. When two industry leaders like this join forces, you can count on the best of both worlds; Etonic's Stabilizer™ technology with GORE-TEX™ breathable waterproofing. Designed with the highest quality standards and stringent product testing, this weather-defying shoe combines soft leather uppers with a tri-density outsole platform. Our proprietary Ergo-Fit comfort system features a removable PU sockliner and duo-density Bi-Fit™ insole molded to our Ergo last for stable comfort. Destined to set the benchmark in waterproof golf shoes, the ST-GT integrates superior technologies to deliver a superior playing experience.

 **Etonic**®

First one there.
